## Community To Name Board Of 21 Directors For Chest Plan; Adopt Charter, By-laws

A charter and by-laws for the Gettysburg Community Chest were adopted Monday evening at a meeting of local organizations interested in the formation of a Chest here and Dean W. E. Tilberg temporary chairman, named a committee to nominate 21 directors from the community at large to complete organization of the Chest plan here.

The election of the first board of directors will take place Monday, March 8, after which the legal steps toward incorporation of the Gettysburg Community Chest will be completed.

Chairman Tilberg appointed this nominating committee: Dr. Bruce N. Wolff, chairman; Mrs. LeRoy H. Winebrenner, Dr. L. C. Keefeauver, Mrs. George F. Eberhart, Mrs. Robert P. Snyder, Roy W. Wentz and Elmer W. Warren.

### Plan Fall Drive

The Community Chest plan, already endorsed by representatives of a dozen local organizations expected to become members, is expected to be placed in operation here next fall when its campaign for funds for 1949 operations of member organizations and will coincide with the national Community Chest drives and publicity.

The charter, in the form in which it was approved Monday evening at the meeting at the engine house, provides for organization of the Gettysburg Community Chest as a non-profit corporation on a non-stock basis.

The purposes of the organization include promotion of the social welfare of Gettysburg and prevention of waste and duplication of effort among local agencies through the creation and operation of the Community Chest fund.

### Provisions of By-Laws

The by-laws provide for individual and organization memberships in the Community Chest and provide that all individual contributors become members of the Chest. The 21 directors will be divided into three groups of seven, serving for three-year terms and named on alternate years.

The officers will include a president, vice president and treasurer with authority being given the directors to employ an executive secretary. Standing committees provided for include campaign, social planning, nominating and publicity committees.

Annual meetings of the membership are provided for with monthly meetings of the board of directors with provision for the calling of special meetings as they become necessary.

The by-laws permit the earmarking of funds by contributors for the use of particular member organizations in the chest, providing the budgeted allotments of those organizations are not exceeded. Installment payments of pledges will be possible.

The charter and by-laws were read to the group by Attorney Donald M. Swope who was chairman of a committee named earlier to prepare a constitution and by-laws. The group voted him and his committee their thanks.

### Hospital May Go In

It was announced that the Chamber of Commerce will pay the court costs of incorporation, which Mr. Swope said would be small. There was also a vote of appreciation for this assistance.

Monday's meeting was attended by Walter R. Doud, administrator of the Warner hospital, and C. A. Bixler, president of the hospital's board of directors, who indicated that institution's interest in becoming a member of the Chest or organization. They said, however, they could not commit the hospital to the Chest plan without action of the board of directors.

Discussion indicated the Hospital Auxiliary probably will remain outside the Chest plan as it does not conduct an annual canvass for funds.

## BULLETINS

Prague, Feb. 24 (AP)—A score of Czechoslovak security police, armed with bayoneted rifles, entered the headquarters of the Social Democratic party late today.

The move of the Communist-directed police was not immediately explained. The Communists are grasping for full control of Czechoslovakia. The Social Democratic party headquarters is on the busy Prikopny, one of Prague's main shopping streets.

Pocahontas, Ark., Feb. 24 (AP)—Five business buildings were leveled here this morning by an explosion believed to have been caused by escaping butane gas, and at 10 o'clock the entire business block was burning furiously.

Two men are known to have been in one of the buildings when the explosion occurred, and several

## Here And There News Collected At Random

The following letter, received this week by a local firm from Germany, is self-explanatory. The letter follows in full:

I beg to ask you herewith a favor which, I promise you, I will pay back twice and three times.

I have come back home sick from a P.O.W. camp, suffering from angina pectoris and myocarditis. These are most disagreeable pains, and, as due to the war and post-war times, supply of medicines and medicaments has become most difficult or even impossible in this country. I take the liberty of asking you kindly to send me some of the remedies referred to.

The doctor I consulted advised me to take coffee or tea in little quantities, as it is well known that by drinking coffee and China-tea the activity of the heart is considerably stimulated and thus counteracted the angina pectoris, where as drinking coffee would not be advisable for other cardiac complaints.

I would, therefore, be very much obliged to you if you would be kind enough to send me a small quantity of coffee and tea or the corresponding medical remedies you can get in that country, so as to give me a

## MARING'S PLANS COOKING SCHOOL

A cooking school for Gettysburg and Adams county residents under the sponsorship of Maring's (Weishaar brothers) hardware store, 37 Baltimore street, will be held on Tuesday evening, March 30 at 7:30 p. m. at the Moose home on York street.

Martha Logan, nationally famous home economist for Swift and company will present baking demonstrations and answer cooking problems. Miss Logan was originally scheduled to conduct a cooking school here last November, but suffered an injury at that time which necessitated postponement.

The cooking school will feature "Swift's," a Swift and company product, and Kelvinator electric refrigerators and ranges.

The public is invited. There is no admission charge.

## DIRECTORS OF AUXILIARY AT HOSPITAL NAMED

Appointments to the board of directors to serve for the coming year were announced by Mrs. Roy W. Gifford, president of the Hospital Auxiliary, at the February meeting Monday afternoon at the Nurses' home. Thirty-two members were present.

Those appointed follow: Arendtsville, Mrs. Harvey Raffensperger; Bendersville, Miss Nina Stock; Biglerville, Mrs. L. M. Arnold, Mrs. P. J. McGlynn and Mrs. Frederic E. Griest; Cashtown, Mrs. Charles E. Kuhn; East Berlin, Mrs. Elmer Gruver and Mrs. John Gentsler; Emmitsburg, Mrs. Harry Boyle; Mrs. Clarence Frailey and Miss Ruth Gilliland; Fairfield, Mrs. Ira M. Henderson and Mrs. Mark A. Eckert.

Other Directors: Littlestown, Mrs. D. B. Coover, Mrs. Richard Phreaner and Mrs. Arthur Richards; New Oxford, Mrs. M. D. DeTar and Mrs. C. A. Bixler; York Springs, Mrs. Maude W. Kennedy and Mrs. L. Romaine Pittenturf; Taneytown, Mrs. W. R. Bradley; Gettysburg, Mrs. N. L. Minter, Mrs. George Eberhart, Mrs. C. Harold Johnson and Mrs. F. B. Bryson.

Mrs. Joseph E. Codori, financial secretary, announced the appointment of the following committee chairmen: House committee, Mrs. LeRoy Winebrenner, Mrs. Charles Weaver and Mrs. Raymond Sheely; sewing, Mrs. Annie Miehler; food drive, Mrs. Marie Zeigler; membership, Mrs. Bruce N. Wolff, and ways and means, Mrs. Elmer W. Warren.

The drive for funds and food conducted recently resulted in cash donations of \$505.30 and food valued at approximately \$775.

A complete list of all the solicitors and the county chairmen was published in The Gettysburg Times last November 22.

## NIGHT SCHOOL ENROLLMENTS STAND AT 175

One hundred and seventy-five have signed for courses in the Adult Night School to be held every Thursday evening at the high school, starting this week, the Gettysburg Recreation association, sponsors, said today.

Paul Whitmoyer, director, said that there is a possibility several more persons may take courses. Due to lack of sufficient registrants four of the planned courses were dropped and those who had registered for the courses are being asked if they wish to transfer to one of the other courses scheduled. Nearly all of the 16 who had registered for the cancelled programs have already signified their desire to take one of the available subjects.

So far 22 have signed for the bridge course; 21 for typing; 26 for sewing; 24 for Pennsylvania Dutch Design; 12 for public speaking, 10 for mixed chorus with a possibility of several more joining the course; 21 for photography, divided into 11 for the primary course and 10 for the advanced course; 13 for fine arts; seven for music appreciation, and 19, with the possibility of four more being added, for the golfing course. Eleven have signed for the primary golfing course and eight for the advanced course so far.

Graduate Teachers: The men and women who have signed for the instruction were asked to report at the high school promptly at 8 o'clock on Thursday evening for the opening session. A general assembly at which all of the teachers will be introduced is planned for the beginning of that period.

Miss Helen Kinch will be in charge of the nursery that is to be established at the high school to care for children of the adults attending the classes. Others will be secured to aid in the nursery when it is determined how many youngsters will be cared for, Whitmoyer said. Present plans call for reading stories to the youngsters each Thursday evening, and

## GROUP CALLS LOCAL SCHOOL A "FIRE TRAP"

Results of an investigation of the High Street school made by a Rotary committee are being forwarded to interested authorities, Dr. Bruce N. Wolff, chairman of the committee, reported Monday evening following the regular session of Rotary.

The report is being sent to Dr. Hubert Eiker, chief of the division of school property, Department of Public Instruction, Harrisburg, for an evaluation. The committee has asked for a decision by Doctor Eiker prior to March if possible. In March the local school board will draw up its budget for the coming year.

Copies of the findings are being sent to Dr. Lloyd C. Keefeauver, superintendent of the Gettysburg public schools; Paul Rohrbach, president of the Gettysburg school board, and J. Floyd Slaybaugh, county superintendent of schools, Doctor Wolff said.

Members of the committee included Doctor Wolff, William G. Weaver, Atty. Franklin R. Bigham and Paul Ecker.

Not Condemned: The investigation of the adequacy of the High street school was made because of the "many and varied rumors concerning the building," the letter to Doctor Eiker accom-

## DELINQUENCY IS ON DECLINE SAY JURISTS

Judge W. C. Sheely, of the Adams-Fulton courts, who has for some time steadfastly maintained that juvenile delinquency is on the downward trend and has cited comparative figures to support his assertion that in this vicinity there is little real juvenile delinquency, was supported in his stand Monday by fellow jurists.

Members of the executive committee of the Pennsylvania Council of Juvenile Court Judges, in session in Harrisburg yesterday, were definitely of the opinion that juvenile delinquency is on the decline in their judicial districts.

Support Sheely Stand: Judge Gustav L. Schramm of Allegheny county, who exclusively is assigned to juvenile court, said that there has been a steady decline since V-J Day; he said that the peak for juvenile delinquency was experienced in Allegheny county in 1945.

Judge Sheely, who attended the executive session, reiterated his assertion that juvenile delinquency is on the decline.

Both Judge Nochem S. Winnet of Philadelphia county and Judge Woodside of Dauphin county expressed the same opinion based on statistics. The juvenile courts of the state dispose of cases against youths up to 18 years old.

Sixty-one judges are affiliated with the state council, including Federal Judges Folmer of Milton and Murphy of Scranton.

Judge Woodside, acting chairman of the council, presided.

SCARLET FEVER: This morning the home of Mr. and Mrs. Kent Witherow, Gettysburg R. 4, Straban township, was quarantined for scarlet fever by William I. Shields, state sanitary officer in Adams county. A son, Allen C., aged 8, has contracted the disease. The youngster is a pupil in the Hunterstown school.

## Oldest Person, Regardless Of Age, Born On February 29, To Be Given Prizes By Merchants

## Merchants Will Match Donations To Heart Drive

At least one local merchant is planning to match, nickel for nickel, all of those coins placed in the plastic heart located in his establishment for the American Heart Association. Dr. Roy W. Gifford, chairman of the local campaign announced today.

The merchant, George Lempe, manager of the Majestic Soda Grill, made his offer this morning. The plastic heart placed in the soda grill is one of 16 in various places in this area.

## ROTARY WORK TOWARD WORLD PEACE IS TOLD

The work of Rotary International toward world peace was outlined Monday evening at the regular meeting of the Gettysburg Rotary club by Ernest Dunbar, Littlestown, a past director of Rotary International, a past Rotary district governor and president of a Littlestown shoe company.

One of the principal efforts toward world peace on the part of Rotary is the fostering of the idea of world peace in the minds of men, Dunbar said. Articles appearing in the Rotarian, the club magazine, have constantly reiterated the theme of world peace. Compilation of those articles in a number of books, "From Here On," "In the Minds of Men," "A World To Live In" and most recently, "Peace and a Process" by Rotary International has provided a constant stream of propaganda for peace, Dunbar said.

"Rotary has presented a constant pattern of thought toward world peace since long before World War II. That ideal has become the fourth objective of Rotary. And the organization seems to have carried out its program well. At Hiroshima, the Rotary club was wiped out by the atom bomb. Seventy-five per cent of its members were killed. Yet now it has reorganized and is seeking to return to Rotary International. Rotary

## EUROPEAN AID BY U.S. URGED IN LIONS TALK

"Russia's violent opposition to European relief and the Marshall plan is the plan's best recommendation," H. R. Osterderfer, regional manager of international communications for Western Union, told members of the Gettysburg Lions club at their weekly dinner meeting Monday evening at the Shelter House.

"The Marshall plan is not charity for we need those nations to thrive just as much as they need us. The alternative to helping these needy nations now is another war," the speaker asserted.

Pointing out how dependent American industry is upon imports, Mr. Osterderfer said the United States now is importing lead to meet its needs. "Before the war, we exported lead. We have to import chrome, manganese, nickel, tungsten and vanadium for use in the manufacture of steel. Political and economic international relations are indivisible and the way in which we use our position as the economic giant of the world will determine the world's future."

Elect Delegates: The Lions designated the first and second vice presidents, the secretary and Fred Wilkins as club delegates to the Lions International convention at New York July 26-29. The

## SWIMMING POOL IS CONSTRUCTED AT SCOUT CAMP

Rapid progress is being made at the new Boy Scout campsite in the South Mountains near Beavertown, David M. Dickson, Boy Scout field executive of the Black Walnut district, announced today, and the camp will be ready this summer to take care of the more than 800 Scouts expected during the six weeks the camp will operate.

The campsite consists of 450 acres of heavily wooded area. An entry road 2,600 feet in length has been completed and a spring-fed swimming pool 40 feet by 80 feet has been constructed. The central lodge, 40 feet by 80 feet, with its double fireplace and 24 by 30-foot wing kitchen is 40 per cent completed, according to Mr. Dickson.

A health lodge and administrative cabin has been finished. Final grading of a three-acre playfield is awaiting warmer weather. Land has been cleared for six of the ten projected troop camping sites. Tents, and some permanent lodges will be used to house the campers this summer.

### Water System Built

Last fall a 200-foot well was drilled and a 13,200 gallon concrete cistern was constructed. Water will be piped to each campsite and hot water will be available for showers in the central lodge. Construction was completed last week on the electric power line to furnish current for cooking, lighting and refrigeration.

The goal of the area camping committee is to eventually provide accommodations for 250 campers per week. Many of the local scouts are now busy filing their camp savings books with ten-cent stamps so they will have funds available when the camping season opens June 27.

William Dentler, Black Walnut district camp chairman, urges all troop leaders as well as the camp man on the troop committee to attend a district camporee February 28 at the Thomasville fire hall, at which qualifications and procedure will be set up.

# US PROMISES TO BACK PARTITION OF HOLY LAND

MAX HARRELSON

Lake Success, Feb. 24 (AP)—The United States today pledged full support to partitioning of Palestine including the possible use of an international peace-keeping force.

Chief U. S. Delegate Warren R. Austin told the United Nations this country was ready to enter into consultations on the creation of a U. N. force for the Holy Land if the Council decided such a course was necessary.

In the long-awaited U. S. policy declaration, Austin told the Security Council the U. N. must act to block any "attempts to frustrate the General Assembly's recommendations (or partition) by the threat or use of force."

## One Commissioner Quits

Austin spoke as the Council opened debate on a special report of the U. N. Palestine Commission calling for force to aid in partitioning the Holy Land. He followed the commission chairman, Dr. Karel Lisicky of Czechoslovakia, who warned that the commission could not carry out its task without force.

As the U. S. delegate outlined the American policy laid down by Secretary of State Marshall, representatives of the Jewish agency for Palestine, and of Lebanon and Egypt—Arab countries who are not members of the council—sat at the table. The council chamber was filled to capacity.

The audience included the five members of the Palestine Commission. Among them was Senator Vincent J. Francisco, Philippine representative, who announced his resignation from the commission earlier in the day. The Arab higher committee for Palestine also was represented in the chamber.

Gen. A. G. L. McNaughton of Canada, council president for February, warned the council that it was faced with a grave responsibility and called on both Arabs and Jews to refrain from inflammatory actions during the deliberations.

Mr. and Mrs. Bert W. Hummer observed their 47th wedding anniversary today at their home at 153 North Stratton street. There was no special celebration.

terrific events so far. There are not words enough to tell you to what privations and what miserable life we seem to be condemned.

I hope from the bottom of my heart that my above request will have your benevolent consideration and trusting to be favored with your affirmative reply before long, I remain,

Sincerely yours,

# NIGHT SCHOOL

(Continued from Page 1)

provisions will be made for participation by the children in games.

## Keefeauver Is Dean

Dr. Lloyd C. Keefeauver, superintendent of the Gettysburg public schools has been named as "dean" of the night school.

An information booth will be located each Thursday night in the hallway at the high school.

The four courses for which insufficient registrations were received to warrant having the subjects taught were history of education, gardening, nursing and drama.

One change in teachers has been made. Mrs. Willis R. Doyle, who was to teach the course in Pennsylvania Dutch design has been unable to carry out her plans to instruct. Richard D. Krick, instructor in art for the Gettysburg public schools, who has made a special study in Pennsylvania Dutch design will teach the course instead. He will also teach the course in fine arts. The fine arts course will be held at 9 o'clock and the Pennsylvania Dutch art course at 8 o'clock.

## To Pay Teachers

In order to obtain the best teachers possible, the recreation association will pay instructors. The registration fees will be used for this purpose.

Teachers will include: bridge, Mrs. Raymond Sheely; sewing, Miss Helen Keefeauver; public speaking, Harry F. Bolick; typing, Miss Ruth Mundis; Pennsylvania Dutch design and fine arts, Richard D. Krick; mixed chorus, Richard D. Krick; photography, Walter Lane; golfing, Sam Mellon; music appreciation, James B. Felton.

## Cars Damaged In Littlestown Crash

Approximately \$65 damage was done in an accident involving three cars this morning at 11:30 o'clock in Littlestown.

A car driven by John E. Burns, Hanover, is reported to have collided with a car operated by Earl L. Harkig, Gettysburg R. 1, and the parked truck of Stanley Stover, Littlestown, on E. King street. Burns is said to have been attempting to pass Helwig, who had stopped, and to have been forced into the Helwig car and Stover truck when a car backed from an alley across the street.

Chief of Police Leon Gage filed information against Burns before Justice of the Peace Howard G. Blocher for operating a motor vehicle without a license.

## HOSPITAL REPORT

Admissions to the Warner hospital include Mrs. Bernell Jago, Biglerville R. 2; Mrs. William McCleaff, Fairfield R. 1; John Witherow, Littlestown R. 1; Carey Criswell, Ardenstville; Donald Poland, Gettysburg R. 4; Donna Jean DeVivio, Gettysburg R. 2; Eli Dutcher, Westminster R. 1. Those discharged were Doris Helmer, Thurmont; Mrs. Roger Blettner, Taneytown; John Adams, Emmitsburg R. 1; Mrs. Merle Riley and infant daughter, Susan Elizabeth, 213 West Middle street; Mrs. Russell Adkins and infant son, Carrol Wayne, Keymar, Md., R. 1, and Mrs. Katie Kise, Littlestown R. 2.

## CAR BUS COLLIDE

A car operated by Harold E. Boserman, Abbotstown R. 1, and owned by Grace M. Myers, same address, figured in a minor collision with a Greyhound bus on slippery highways in Thomasville Sunday afternoon. Damage was light and no one was hurt. The Bosserman car skidded as it was passing another machine and hit the bus which also was passing a car.

others may have been trapped by the explosion and fire, firemen said. Two could be heard screaming for help and an effort was being made to reach them with a bulldozer.

Lake Success, Feb. 24 (AP)—Senator Vicente J. Francisco, Philippines delegate, said today he had resigned from the United Nations Palestine commission. Francisco's resignation followed the disclosure last week of growing friction within the five-member commission which has the task of partitioning the Holy Land.

Washington, Feb. 24 (AP)—The House appropriations committee proposed today to give the army \$606,038,766 for non-military activities during the 12 months beginning July 1.

This is \$131,542,889, or about 18 per cent less than President Truman had asked. Most of the proposed appropriation — \$538,600,300 — was earmarked for flood control, river and harbor projects of the army engineering corps.

Jerusalem, Feb. 24 (AP)—A Jewish agency spokesman declared today the Jews are convinced Sunday's bombing of Jerusalem's Jewish business district, in which 52 persons died, was engineered by Britons.

Lake Success, Feb. 24 (AP)—The United States urged the United Nations today to ignore a Russian boycott and start nationwide elections in divided Korea.

Westover Air Force Base, Mass., Feb. 24 (AP)—Judge Charles F. Wennerstrom today stood pat on his criticism of the German war crimes trials as failing to "attain objectivity aloof from vindictiveness." He offered to match his loyalty to the United States against that of an army general who accused him of "subversive" talk.

With President Truman in the Caribbean, Feb. 24 (AP)—President Truman today directed the Justice Department, the Council of Economic Advisors and the Commerce Department to make a full inquiry into the increase in steel prices. The orders went by radio from the presidential yacht Williamsburg said Eben Ayers, presidential assistant press secretary. Steel prices were increased about \$5 a ton last week.

## Girl Unhurt When Struck By Taxicab

A taxicab owned by Glenn R. Little and driven by Paul G. Lupp, struck Goldie Small, 142 Hanover street, on Chambersburg street at 9 o'clock Monday night, according to a borough police report.

Miss Small was taken to the Warner hospital where it was found that she was not injured, according to police. The latter were informed that Miss Small walked in front of the cab and Lupp was unable to stop because of ice on the pavement.

Two automobile accidents last Saturday were also reported to borough police. An automobile driven by Mrs. Lula Hess, 47 Breckenridge street collided with the car of Mrs. Mary Reilly, Dedham, Mass., at High and Baltimore streets, and cars of Charles R. Baker, 210 West Middle street and George H. Ashbaugh, Emmitsburg, collided on Chambersburg street, police said. Damage was slight in both accidents.

## Livability Added Without Expense

Without adding to their cost, the livability of houses is improved by location of rooms with respect to sunlight, prevailing winds and view. All architects agree today.

The living room should have as much sunlight as possible and the best view should be from this room. Since cooking increases warmth of the kitchen, this room should be placed away from the sun, on the north or northeast.

Since children and elderly people require a maximum of warmth, their rooms are best located on the warm side of the house away from prevailing winds.

All rooms should be planned so they have a maximum of cross-ventilation.

## U.S. Apple Imports By Sweden Increase

Washington, Feb. 24 (AP)—Rep. Anderson (R-Calif.) said today the Swedish government has taken steps to prevent losses by United States exporters of fresh apples and pears due to curtailed imports.

Anderson said he was advised by the state department that since initial authorization of \$500,000 worth of apple and pear imports

## BUCKNELL FIVE PLAYS BULLETS ON WEDNESDAY

The Gettysburg college varsity and freshman basketball team will be attempting to rebound from defeats when they clash with Bucknell here Wednesday evening.

Coach "Hen" Bream's varsity dropped a heart-breaking 50-46 decision to Navy here last Friday in its most recent outing while the freshmen lost a 53-52 verdict to York Junior college in the last 30 seconds on Saturday night.

Despite the fact the Bullet varsity won 52-39 at Lewisburg on February 11, Bucknell has high hopes of springing a surprise.

Coach Jack Guy's outfit suffered a severe blow last week when Lou Deest, who was the team's leading scorer, turned professional and joined Sunbury of the Eastern Professional League.

The Bullets, who have a record of nine wins against seven defeats, put up one of their best exhibitions against Navy and cannot afford a let-down. Bucknell has a rather unpredictable outfit and it has an "on night" is certain to cause plenty of trouble.

Roy Bloomingdale's yearlings will be after their ninth victory in the preliminary game which will get underway at 7 o'clock. The Bullets have dropped but two decisions in their first 19 tilts.

## VFW Dribblers Win 5th Straight Tilt

The Gettysburg VFW cagers captured their fifth straight victory Monday evening by defeating a Phi Sigma Kappa five, 52 to 44, on the Gettysburg Recreation Association floor.

Ted Pegg and Dick Runkel led the sharpshooters for the veterans with 13 points apiece. Only in the third quarter, for a brief few moments was there any real doubt about the game. Midway in the quarter the Phi Sigs tied the score at 26-26, but the victors started adding to their total and pulled into the lead again. Half-time score was 26 to 20 in favor of the vets.

On Friday the local VFW will meet the Union Bridge VFW on the Union Bridge floor.

## KEATH NEARING NEW PA. RECORD

(By The Associated Press)  
Frankie Keath of Elizabethtown college needs only 23 points in three games to establish a new all-time Pennsylvania collegiate scoring record for a season.

Keath scored 74 points in two games during the past week to increase his season's production to 493 in 20 games. He now leads LaSalle college's Larry Foust by 162 points and is gunning for the state record of 515 points set by George Senesky, of St. Joseph's college during the 1943-44 season.

Keath leads the state's scorers in all scoring departments. He has 186 field goals, 121 fouls, and an average of 24.7 points per

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

FIFTY YEARS AGO

The first horseless carriage was seen in Harrisburg last week. It is owned by Dr. S. M. Goldberg, of New York City, a famous chiropractor. He will make a tour around the world with it. It is supplied with pneumatic tires at a cost of \$3,000. Storage battery can be charged for a distance of thirty miles. Going at the rate of 25 miles an hour, the carriage can be stopped within four feet. There is a handsome incandescent light in front and one on each side.

Local Miscellany: The postoffice, the banks and several of the business places were closed during the "Twenty-Second" Washington's birthday and old glory floated from many buildings. The college boys enlivened the town with a street parade, which was well marshalled, being headed by the Grand Army band. The variegated costumes, representing the various callings and phases of life were witnessed by an admiring crowd as the procession passed through the principal streets of the town.

Adam Ertter has sold his interest in the Electric Light Co. of W. Va., to John Kimple. The members of that firm now are John A. Livers, Henry Riley and John Kimple.

Excellent pictures of Judge Swope, Burgess McCammon and the Meade School building appeared in the Philadelphia Inquirer last week.

Mr. Amos Newman is still making improvements at the Washington House in this place. He is now putting in a steam plant.

Death of Miss Frances E. Willard: Miss Frances E. Willard, President of the National Woman's Christian Temperance Union, died at the Imperial Hotel, New York, Thursday night. Although Miss Willard had been ill no fears were entertained for her recovery.

Marriages: Boyle-Pecher: Jan. 12, at Fairfield by Rev. J. F. Looney, James H. Boyle to Miss Agnes L. Pecher, both of Liberty township.

Collins-Buddy: Feb. 15, at Littlestown by Rev. T. J. Crotty, James A. Collins to Miss Alice G. Buddy, both of Mountjoy township.

Ebersole-Pentz: Feb. 15, at New Chester, by Rev. G. J. M. Ketner, Lewis E. Ebersole to Miss Carrie A. Pentz, both of Littlestown township.

Henry-Jacoby: Feb. 22, at New Oxford, by Rev. P. E. Helmer, John W. Henry, of Strabon township, to Miss Cora L. Jacoby, of New Oxford.

Kline-Slaybaugh: Feb. 22, at York Springs, by Rev. E. W. Wormer, Richard J. Kline, of Huntington township, to Miss Lizzie Slaybaugh, of Tyrone township.

Smith-Rusher: Feb. 8, at Littlestown by Rev. T. J. Crotty, Joseph P. Smith, to Miss Sarah Rusher, both of Littlestown.

Wildasin-Angell: Jan. 25, by P. S. Lindaman, Jacob B. Wildasin, of Union township, to Mrs. Barbara E. Angell, of Littlestown.

Society of Pen and Sword: The first annual election to the society of Pen and Sword, whose ambition is to advance Gettysburg college and all her interests, was held on the evening of Feb. 22nd in Bruna Chapel. Rev. H. C. Alleman was the presiding officer. He announced as having been elected to the Society, John E. Graeff, Pres. of the Board of Trustees, and Rev. C. W. Stock. Then followed the election of C. S. Duncan, Pres. of the Alumni Association, and John B. McPherson, Esq. Dr. McKnight closed the program.

Patriotic Celebration: Corporal Skelly Post No. 9 G.A.R., celebrated Washington's birthday by an entertainment in the Post Room on Tuesday evening. Delegations of children from the public schools took part in the exercises, as also the Ladies' Aid Society. Comrade W. T. Ziegler was master of ceremonies. Short addresses were made on various phases of Washington's life by Hon. W. T. Ziegler, Hon. Theo. McAllister, Dr. McConaughy, Esq., Dr. T. C. Billheimer, W. C. Sneezy, Esq., and Rev. A. R. Steck.

Banquet: Battlefield Council, No.

## Today's Talk

By GEORGE MATTHEW ADAMS

YOURSELF — BE SOMEBODY!

There is one Presidency that we all may honorably and advantageously seek, and that is to be the President of our own Intellectual Faculties! No one should want to be, merely, President "pro tem."

All about us we are being constantly influenced to give up the task of thinking out things for ourselves. The mere merit of truth is shoved aside, and clever phraseology put in its place, in bold letters, shining light, or catchy words, with the hope that individual thought may be smothered. But even in advertising that has become so general this is not good sense. Nothing can take the place of honest fact and truth.

We are constantly surrendering to the ideas and notions of others. It is such an easy process! Thinking a thing out, and then acting upon that thought, is a sign of superiority. From such people we get our leaders, as well as our philosophers and spiritual advisers. From them we are inspired to think for ourselves. Great thought is always fathered by convictions, sincerely pursued.

Every day, in our newspaper reading, in our listening over the radio, in casual conversation, and in many another manner, we are hounded by excess pressure to take the word of someone else as gospel truth. The lack of self-confidence is one of the curses of this age of ours. We need a new ritual in our lives. Emerson had a suggestion — "Trust thyself: every heart vibrates to that iron string." Emerson's great essay on "Self-reliance" should be read by every school boy, and often by every man and woman. It is Socrates who said: "Know Thyself."

Our honest opinions are smothered that they may be replaced by some popular propaganda. We sterilize our reason, often allowing fake to shove out fact. We surrender our stand and place to an interloper, we then become a Nobody, when we should be, by all standards, a Somebody!

"All spiritual progress," wrote Albert Schweitzer, "up to today has come about through the achievements of thought, or to reflect that thinking may still be able in the future to accomplish what it has not succeeded in accomplishing as yet."

Tomorrow Mr. Adams will talk on the subject: "Ingratitude."

## Just Folks

By EDGAR A. GUEST  
The Poet of the People

THE EYE RESTER  
When the honeymoon is over, and upon the couch he lies,  
With the subtle explanation it is just "to rest his eyes,"  
The bride will soon discover, what her mother early knew,  
It is good-bye to the movies, for he'll sleep the evening through.

Oh, I wonder did her mother never counsel or advise  
That she mustn't, for a minute, let her husband rest his eyes?  
Did she never see her father, in the days before she wed,  
Plead for forty winks, then slumber until time to go to bed?

My mother used to shudder at the ending of the day  
When, "I'll rest my eyes a minute," she heard father softly say,  
For she knew when dad had settled on the sofa, there he'd lie  
And snore throughout the evening in a way to terrify.

Now a nearby couch is tempting to all husbands after tea,  
And once they settle on it sound asleep they soon will be.  
Lest the evening will be wasted wives should wary be,  
And never, for a minute, let them down to "rest their eyes."

## COMMUNIST NET ABOUT CZECHS DRAWS TIGHT

(AP Foreign Affairs Analyst)

Little Czechoslovakia's struggle to escape the Communist net—a valiant but tiny state against the might of Red Russia—presents one of the gripping dramas of this day of tragedies. It's one whose every move we should watch, for it provides a more open view of Bolshevik methods than we have had in most cases heretofore. We have seen plenty of countries grabbed and crushed, but many of the details were concealed behind the iron curtain. Now—for the moment, at least—Czechoslovakia's trial is laid bare.

There's a double reason for watching this struggle closely, because from its inception it has been typical of what we know Communist tactics have been elsewhere. First there is the quiet Red infiltration by Moscow's trained fifth columnists—the intensive organization of strategical, placed cells in educational circles, in political bodies and trade unions—the capture of important executive positions. Then when all is ready—the death blow to liberty.

So we should keep an eye on Czechoslovakia, because what is happening there could happen in the United States or Canada or Latin America if we don't recognize the danger in time and forestall it. It could happen anywhere you can name, with Bolshevism avowedly out to conquer the world.

Top American diplomatic authorities in Washington view the political upheaval in Czechoslovakia as part of a plan by Moscow to complete its control of eastern Europe. This proud and intensely independent republic is the last hold-out of the small nations in the Soviet zone of domination. True, Finland still keeps her chin up—but she isn't arguing with the Muscovites. The diplomatic authorities in Washington say they have no doubt that Moscow is directing the political strategy of Klement Gottwald, Czechoslovakia's premier.

What precipitated the immediate crisis was the resignation of eight anti-Communist ministers from the coalition national government. President Eduard Benes declined to accept the resignations, declaring that the coalition must continue. Red Premier Gottwald insisted that the resignations be accepted and that the Communists be allowed to fill their places, but Benes was adamant.

Gottwald promptly threw his Red machine into high gear. His minister of the interior—a Communist—flung his security police before all government buildings and foreign embassies.

Opposition speech was at least partly stifled. Police arrested notable

## President Relaxes Aboard His Yacht

With President Truman in the Caribbean, Feb. 24 (AP)—President Truman, fighting a deep sunburn, relaxed today aboard his yacht, en route to Cuba and thence to Florida for a vacation.

He wound up a three-day good-will visit to Puerto Rico and the Virgin islands yesterday.

The President is en route to the U. S. naval base at Guantanamo, Cuba, where, after a brief inspection tomorrow, he will board his plane, the Sacred Cow, for a trip to the naval submarine base at Key West, Fla. He is due in Guantanamo tomorrow.

He expects to spend nine days in Florida combining work with pleasure. Members of his staff, including Special Counsel Clark M. Clifford, Presidential Assistant John R. Steelman and Fleet Admiral William D. Leahy, and secretaries Matthew J. Connelly and William D. Hassett, are with him.

foes of Communism. Police armed with machine-guns seized the headquarters of the anti-Communist Czech National Socialist party, Czechoslovakians to all intents were confined to the country by a ministry of interior order requiring new visas on passports.

In short, Czechoslovakia was transformed into what amounted to a police state. Apropos of this it should be noted that this was made possible by the fact that the Communists hold the ministry of the interior, which controls the police. In taking over a state one of the first things the Communists always reach for is this ministry.

The big questions now are: will the Russians dare challenge world opinion by using force to take over this small, thirty-year-old republic? If the Bolsheviks do use force, will the people fight? Or if the citizens have the determination to fight, will they have the strength?

This is a crucial moment for the future of free men.

## IDAHO SENATOR JOINS WALLACE

Washington, Feb. 24 (AP)—Senator Glen Taylor of Idaho has kissed the Democratic party goodbye to become No. 2 man on the Henry A. Wallace ticket.

"I am not leaving the Democratic party, it left me," Taylor told a radio audience last night. "Wall street and the military have taken over."

All the major parties offer, he said, is a choice between "a Republican tweedle dum and a Democratic tweedle dummer." Taylor said as far as he is concerned that leaves the third party as the place to fight for "the principles in which I believe."

"I'm in this to win," the 43-year-old Idahoan told reporters at a news conference after his speech. "I have confidence and faith. I think I'll get to be vice president."

The one-time "crooning cowboy" said he agrees with Wallace that "you've got to believe we can work with Russia—or give up hope and prepare for the end of the world. I believe Russia wants peace. She has plenty of territory and material. She doesn't want markets."

If Russia seems to be "trying to spread out," he said, it is because of "fear of the rest of the world."

Wallace, the senator declared, "is the only leader we can put forward who has the confidence of peoples everywhere."

Cats seldom eat the rats and mice they catch.

EXPECT PETITION RUSH  
Harrisburg, Feb. 24 (AP)—The State Elections Bureau looked forward today to an "eleventh-hour rush" of office-seekers to file nomination petitions. Mrs. Elizabeth Zimmerman, Bureau director, said only a score of petitions have been filed for the hundreds of nominations at stake in the April 27 primary, despite the fact that the deadline is only two weeks away. Mrs. Zimmerman estimated that the number of petitions may reach 2,000 by the end of Monday, March 8, the last legal day for filing.

## Baltimore Livestock

CATTLE—Today's cattle run included a larger percentage of slaughter steers than recently as the equivalent of about 22 loads was counted in. Bulk of the run fell in the medium and good grade bracket and the market as a whole was average—medium and average—good. No strictly good cows or bulls were on hand and the supply of stock cattle was negligible.

Some plants were not operating today due to the holiday and this had a bearish effect on the market as buyers of such plants attempted to buy cattle lower to offset the shrink loss entailed in holding the cattle until tomorrow. Trading in the steer division was slow and other classes ruled only moderately active.

Locals and some lots of average—medium to high—good slaughter steers crossed the scales slowly on a mostly steady to weak basis compared with late last week but some sales were 25c. or more lower. Bulk of the run cleared in a spread of \$25—27.75 including two loads of average to high—good 1,200-pound weights at \$26.60; a load of 1,265 pounds at \$27.50 and 3 loads of 1,175—1,407-pound weights at \$27.75. Scattered small lots of low to average—medium steers brought \$20—24.25.

Good and choice 160—250 pounds; averages \$26—30, top \$30; common and medium \$12—25 with bulk of the under 100

weights again suffered the full decline.

Rev. Charles E. Held and Cloyd Shetter were selected as alternates with two more to be named later. Delegates to the state Lions convention in June were named as follows with alternates to be elected later: the Rev. Mr. Held, President Hartzell, Glenn L. Bream, Fred Wilkins, S. F. Swope, Dr. R. D. Wickerham, Glen Little, David Bloser, Dr. Joseph Riley and Kenneth P. Hull.

John Clapsaddle, John A. Hull and LeRoy E. Smith were inducted as new members of the club.

## Minstrel Show Committee

A request from the Boy Scout district for the club's annual con-

tribution was referred to the finance committee.

Kenneth P. Hull, activities committee chairman, reported on the progress of plans for the minstrel show to be presented for the benefit of the club's charity fund. Tentative dates now are April 15 and 16. Hull said he has appointed Robert Sheads as chairman of the committee on programs and Fred G. Troxell chairman of the ticket committee. Mr. Troxell has named Fred Sanders and Sterling Musselman to his committee. Sheads announced his committee will include Mohn Hartzell, Jr., Hugh C. McIlhenny, Samuel Daley, David Forney and Glen Little. Eighty-three members and guests attended the meeting with President Hartzell presiding. The speaker was introduced by Charles Keller.

clubs in France, Italy and Germany, which were driven underground or wiped out entirely during the war are seeking to return to the international organization.

## Suggests Institute Here

"Rotary is manifesting its interest in world peace in many ways," Dunbar said. "The international organization, through the Paul Harris Memorial fund is providing for exchange of students between various countries. This year 19 students are being sponsored by Rotary International on an exchange basis. In addition Rotary since 1934 has been sponsoring Institutes of International Understanding. The first was held at Nashville in 1934. Last year such institutes were held throughout the country and 650,000 people attended. 'I believe such an institute could be of value here, and that it would be of great help to the people of Adams county and to the students at the college and schools here.'

The speaker was introduced by Dr. Frederick Tilberg, secretary of the local club. Dr. C. Harold Johnson, the president, presided at the meeting with 52 in attendance.

Dr. Frederick Shaffer announced that the International Club of Gettysburg college will present a young Finnish woman who will speak on the problems of Finland. The pro-

## Urges Gen. Martin As GOP Candidate

Philadelphia, Feb. 24 (AP)—G. Mason Owlett said today that in event of a deadlock at the Republican national convention, "we are hopeful that other delegations will join us in rallying around the banner of Senator Martin (R.-Pa.)."

Owlett is Republican national committeeman from Pennsylvania. His statement was made before the 39th annual meeting of the Pennsylvania Manufacturers' Association which he heads. Critics of the PMA "complain that we are in politics," Owlett said. "As businessmen, we, our employees and our communities have a big stake in the success of our enterprises. Why shouldn't we be politically active?"

"Politically, Pennsylvania with its 73 votes in the national convention will have a decisive voice in selection of the Republican nominee," the PMA head continued. "The Republican party is blessed with an abundance of fine candidates, any one of whom, I feel sure, would make a great President."

gram will be held at Brua chapel at 7 o'clock Thursday night.

A "round-table" meeting will be held next Monday for those members who do not attend the district convention at Harrisburg, President Johnson announced.

## GROUP CALLS

(Continued from Page 1)

panying the report disclosed. "Many of the parents of children attending the school are of the opinion that the building has long since been condemned. This we have found to be untrue."

Doctor Wolff said that the investigation showed no condemnation of the school had been made by the Department of Labor and Industry. The last time the department investigated the building was in 1928, the investigation disclosed, according to Doctor Wolff. At that time Charles A. Gotwalt, then chief of the division, reported the "entire structure is substantial" and approved it as a school building after the then school board made some recommended changes.

## Called "Fire Trap"

The building "is labelled as a fire trap, as obsolete and unhealthy by many in the community," the letter of Doctor Elker states. "The mittee conducted its investigation with the express purpose of either helping to dispel these rumors as incorrect or aiding in improving the situation. It is in this effort that we are soliciting your proffered aid in truthfully evaluating the building as a public school."

At present 197 pupils attend the school which was built prior to, or in, 1857. Seven of its eight rooms are in use.

The report said janitor service at the school is satisfactory but that the "unpainted, plastered walls on the interior have numerous holes and cracks. The floors are of wood and have been oiled for years. Stairways in front and rear are of wood which has been oiled. As far as the committee could determine only

## Weather Forecast

Extended forecast for the period Wednesday, February 25 through Sunday, February 29: Eastern Pennsylvania, eastern New York, and mid-Atlantic states: Temperature will average near normal south, and about two degrees below normal north portion; milder Wednesday and Thursday, becoming somewhat colder Friday, warmer Sunday, rain south portion and rain or snow north portion Wednesday and again about Sunday. Total precipitation about one-half inch south and central portion, and one-third inch extreme north portion.

Western Pennsylvania, Ohio and West Virginia: Temperature will average near normal, rather mild Wednesday, becoming colder Thursday; warmer Saturday, rain Wednesday and rain or snow Saturday or Sunday. Total precipitation about one-half inch.

three fire extinguishers were present in the building at the time of the investigation. One was on the first floor at the rear of the building in a hallway. One was in the front hall on the second floor and the third in the rear hall of the second floor."

A six foot wall, "with a sheer drop" was found at the rear of the school on both sides, and the report said, "it is a wonder no youngsters have been pushed over that drop."

The investigation by the local group was made to orient Doctor Elker on the situation, Dr. Wolff added, with the members of Doctor Elker's staff to evaluate the findings and determine whether they warrant an inspection trip here by some member of the department.

## Your Choice — Regular Vigoro or Vigoro

For Commercial Growers

Regular VIGORO supplies, in scientifically balanced proportions, the vital food elements your trees need for complete development—for profitable production of high quality fruit.

VIGORO FOR COMMERCIAL GROWERS contains the same vital food elements as REGULAR Vigoro, plus MORE NITROGEN and MORE POTASH. This product is the result of extensive study and research and is being offered to orchardists who need heavy applications of nitrogen. The potash content has also been correspondingly increased, along with nitrogen, to promote a healthy, sturdy new growth and good fruit.
